Some Sample Draft Text to Personalize Your Peer-to-Peer Fundraising Page

(There is a 500 ***character*** limit)

The Coalition is a resource for families navigating the complexities of child welfare and adoption. They inspire confidence in those caring for youth and help them form connections so they always have a network to lean on. As a board member, I have come to understand how complex the child welfare world can be, and I want to be a part of helping families find the tools and resources they need. Will you help me reach my fundraising goal to support their work? (460 characters)

The Coalition connects families and professionals to the resources they need to support children and teens so they don't navigate complex situations alone. As a parent, I know it can be hard to find support sometimes, and I have learned from my board service with the Coalition how much more challenging it can be for those parents involved with child welfare and adoption. I hope I can count on your support—will you donate today? (431 characters)

Being a parent can be lonely and stressful. The Surgeon General just released a report about a dramatic increase in loneliness and stress among parents, and I want to do something that helps. So, I'm supporting the Coalition and asking you to do the same. The Coalition supports families who may be anxious, overwhelmed, or uncertain. They guide, offer space to be heard, and provide actionable resources. Will you donate to support their work today? (450 characters)

I'm so proud to share my work and service on the Coalition for Children, Youth & Families' Board of Directors. Like they do, I believe empowering caregivers can transform lives, which is why I'm raising money to support their programs and services. Your support empowers caregivers to navigate the complex and challenging journeys of foster care, adoption, and kinship care, ensuring every child finds the stability, love, and support they need to thrive. (455 characters)

As a parent, I want the best for my children and their future—that's why I support the work of the Coalition and why I'm asking for your support today, too. By investing in the Coalition, you aren't just donating; you're securing a brighter future for vulnerable children and teens by providing the resources their caregivers need to help them thrive. Will you join me in raising money to fuel the essential work of an organization that means a lot to me? (455 characters)
